BRING THE CAMBODIAN CHILDREN & YOUNG PEOPLE  
TO THE LORD !

Cover : MOU Signing Ceremony with JLS....

Acts 1:8

But you will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth.'

## New Challenges in Mission

I have been ministering in the mission field of Cambodia for 22 years. Here, Sihanoukville is undergoing many changes. As a one belt one road policy of China, here Sihanoukville is really becoming as like one of the Chinese province. There are Chinese signboards all over the city, even in the school alley. Recently, I have seen newspaper reports that China already owns more than 90% of businesses in Sihanoukville. It is no exaggeration to say that the influx of Chinese people is increasing exponentially. So, now, 120,000 people are living here, and 1 ~ 2 million Chinese people will live here in Sihanoukville and Cambodia. How do we go like this situation?

When I was born again Christian, I was pleased to share the gospel whoever I met. I prayed unto the Lord, I want to be a missionary, wherever God leads me I will go.

God answered me to go to China as missionary. After that I have studied Chinese and even sometimes attended the Chinese church in Korea. It is still vivid that I attended a Chinese mission seminar and burned the fire of Chinese missions. I remember when I heard that what is most effective to mission for China? One of person said that to marry with Chinese girl, then become a Chinese missionary, it will be good for Chinese mission, when I heard about it, even I have seriously considered that part. However, our God has brought me to southern part of Cambodia, Sihanoukville, rather than China. I wanted to go to China to prepare for it, but our Lord's will was to send me to Sihanoukville here first. Because of our God's plan is more higher than my will. One of the most fundamental reasons for coming here in Sihanoukville is that there were no missionaries in Sihanoukville. After that I have been doing my best to preach the gospel to Cambodian through Christian school ministry and Church planting. After 20 year now, many Chinese coming to Sihanoukville. I looked back and to see this situation, influx of Chinese people and recall back my first dream and enthusiasm of my first Chinese mission. Even though I have not been a missionary to China, but God bring many Chinese people to here and give chance to preach the gospel to Chinese. What an amazing providence of God's grace! Now there is only two Chinese churches in Sihanoukville, one is our campus and the other one is downtown area. But we pray that more Chinese churches will be established even in the city and more in the industrial area. where the Chinese are gathered, we preach the gospel to them. Especially, we prepare to open the Chinese school in our campus so that we preach the gospel to Chinese children and youth. Praise the Lord for His goodness and mercies that given us new mission for Chinese in Sihanoukville. I am very challenged and prepare for new mission for Chinese.
